

# Latin America LIVE!

## A Musical Journey with Ki-Ké and Friends

A musical tour of Latin American countries and regions. Your travel guide is the talented Latin Jazz pianist Ki-Ké (Luis Enrique) Sanchez, who is featured on several Latin American Grammy-nominated albums. A native of Peru, he is also fluent in Jazz and authentic Cuban and Brazilian styles.

This fun and lively educational concert and show is a once-in-a-lifetime experience. Audiences participate with clapping, singing, tapping their feet with the true ethnic rhythms and making fabulous music with the native instruments provided by the band.

Usually about an hour, the program is flexible to suit your specific needs with a larger combo and even dancers for an event as large as your venue and budget allow. This is a great experience for groups of all ages and all sizes. It works wonders for workgroups and team-building!

▲ Ki-Ké teaches Latin rhythms with cow bells, claves and other native instruments.

▼ Visit Argentina without the Tango? Not!

▲ Participants join in the rhythms while playing dozens of native instruments

▼ The tour culminates...Everybody CONGA!

## Edu-tainment at its best!

Let the music guide you through a tour of Latin American countries and regions. Cuba, Puerto Rico, Colombia, Argentina, Brazil, Peru, Dominican Republic, Central America and beyond!

A fun way to learn the geography and experience the many cultures and peoples — their history, customs, music, rhythm, dance and more!
